

Mother Nature knows best!

EcoBalm™ SPF10

The Industry's Only **Truly 100% Natural**
Zinc Oxide SPF Lip Balm

Most lip balms that claim to be “natural” contain artificial sun screen, color, and flavor. EcoBalm™ SPF10 features **zinc oxide, nature’s truly natural sun screen**, with natural soy, beeswax, shea butter, vitamin E, sunflower oil, cocoa butter, aloe, and natural flavors.

That’s it—pure and simple.
